

Camp Oasis 2022 Site Specific FAQs Michigan

Overview:

The Crohn's & Colitis Foundation's top priority is the health and safety of our campers, volunteers and staff. After careful review of national guidelines concerning COVID-19, the Foundation has decided to resume residential Camp Oasis sessions in 2022. With the guidance of our Medical Advisory Task Force, we have built a strong framework of precautions to provide the safest possible environment for all. To review our general health & safety plans, see our [Health & Safety FAQ 2022](#).

While we work closely with our host sites to follow best practices and safety guidelines, there are many nuances to each camp. To better serve our camp families and volunteers, we have created this site-specific FAQ to review any additional precautions or potential risks they may want to consider. If you have any concerns, please feel free to reach out to us at camp@crohnscolitisfoundation.org

Please note that Camp Oasis leadership will be meeting in March and April to discuss additional precautions that are specific to this site, such as activities, check-in processes, etc. We will update these FAQs appropriately as those decisions are made.

Host Site: Camp Copneconic

States where campers come from: MI, OH, IN, KY

What is the COVID-19 vaccination policy for this host site's employees? Host site requires that cabin and program staff have had two shots of Moderna or Pfizer, or one shot of Johnson and Johnson.

Will all bunk counselors be vaccinated? Yes, all bunk counselors will be vaccinated. Camp Oasis will provide additional counselors, if needed, who meet the "up to date" standard from the CDC.

Will all program staff be vaccinated? Yes, all program staff will be vaccinated

If applicable, what employee categories may not be required to be vaccinated? Food service staff, cleaning staff, maintenance staff

If all employees are not vaccinated, do they require any other precautionary measures/screening? Unvaccinated employees must wear masks at all times when in proximity to Camp Oasis participants. All employees will be provided with a rapid test on-site prior to our arrival.

Will host site employees be tested prior to Camp Oasis arrival? If so, please explain. Yes, all host site employees will receive on-site rapid tests prior to Camp Oasis arrival.

What masking policies will be followed by host site employees? Host site employees will be required to follow Camp Oasis masking policies. Staff must wear a mask in the following situations:

- A. Indoors, except while actively eating or drinking
- B. Outdoors when interacting with Camp Oasis participants and social distancing is not feasible.

Will there be another group at this camp site at the same time as Camp Oasis? Yes, there will be another group on-site at the same time as Camp Oasis

If yes, how large? Approximately 50 people

Do we know the vaccination or other policies of this group? Group does not have a vaccination mandate at this time, but expects to have high vaccination rate due to special needs of the group

What interactions may be expected with Camp Oasis and this group? No interactions expected

What mitigation measures are being taken for this potential risk? There will be no overlap of groups in program spaces, cabins and with program equipment. The host site will arrange staggered meal times so the groups do not interact in the dining hall.

What measures will be in place in the dining hall? Staggered meal times to prevent overlap between Camp Oasis and non-Camp Oasis groups. Meals will be served buffet style, with one cabin group at a time in the food line to minimize interactions between cabins. Everyone must wear a mask when moving around the dining hall, except when at their table and actively eating/drinking. Camp Oasis will work with the host site to ensure the serving style, dining hall set up, and meal schedule minimizes any risks while also providing the flexibility to meet our community's dietary needs.

Will group transportation be offered for this camp? Yes. A bus will be offered from Columbus, Ohio and Cincinnati, Ohio.
