I have decided to make a difference in the fight against Crohn's disease and ulcerative colitis. This will be a big undertaking, but it will all be worth it because your donations will not only motivate me, but they will help us get closer to the cure. Won't you please consider a donation today?

About Crohn's disease and ulcerative colitis

Known collectively as inflammatory bowel diseases (IBD), Crohn's disease and ulcerative colitis affect millions of Americans. The Foundation's mission is to cure Crohn's disease and ulcerative colitis, and to improve the quality of life of children and adults who are affected by these diseases. No gift is too small when we work together. **Please join me by donating today, every dollar gets us closer to cures!**

The Crohn's & Colitis Foundation is the largest non-profit, voluntary, health organization dedicated to finding cures for inflammatory bowel diseases (IBD). The Foundation works to fulfill its mission by funding research; providing educational resources for patients and their families, medical professionals, and the public; and furnishing supportive services for those affected with IBD.

Fundraisers who personalize their page raise 4X more than those who do not!

Next, select "Pledge a special occasion" from the menu on the left and the type of occasion from the drop-down menu in the middle. Continue by adding details about your special occasion including a personal story, and your fundraising goal as well as add photos. Once you're happy with your homepage, click **"save"** at the bottom right.
