

The Crohn's & Colitis Foundation is dedicated to finding cures for Crohn's disease and ulcerative colitis, and improving the quality of life of children and adults affected by these diseases. A key part of our mission is working with members of Congress – we encourage Representatives to join the bipartisan Crohn's & Colitis Caucus, champion IBD research, and support legislation like the **Safe Step Act** to expand patient access to care.

Want to know where your lawmakers stand? Check below to see if they've supported our FY26 appropriations request, previously co-sponsored the Safe Step Act, or joined the Congressional Crohn's & Colitis Caucus. If they thank them for their commitment. If not, now's the time to urge them to take action for IBD patients!

Learn more about our advocacy program [HERE](#) or you can learn more about our advocacy priorities by going [HERE](#).
