8:30 a.m. – 1:15 p.m.	Get ready for a fun, interactive day for kids and teens living with IBD! Meet peers, play games, explore science experiments, and learn how to “eat the rainbow” to support a healthy diet. Breakout sessions will cover stress management, resilience, school accommodation, medication adherence, and transitioning to adult care. Led by the USF Pediatric Gastroenterology and TGH Muma Children’s Hospital team, this event gives kids and teens the chance to learn, connect, and have fun while gaining practical tools to thrive with IBD.
