

Want to know where your lawmakers stand in the 119th Congress when it comes to our issues? Check below to see if they've:

- Supported our FY27 funding letter calling for prioritizing IBD research and education in the Federal budget;
- Co-sponsored the Safe Step Act, (in this Congress or last); or
- Have joined the Congressional Crohn's & Colitis Caucus (indicated with an *).

If they have – let's thank them for their commitment. If not, now's the time to urge them to take action for IBD patients!
